

POWERCUBE LIMITED: QUALITY POLICY

Powercube Limited provides containerised modular solutions to clients worldwide. We specialise in managing the deployment of containerised data centres, offering comprehensive project management from the consultancy and design stages through to construction, deployment, and ongoing maintenance.

Since our establishment in 2007, we have continuously refined our expertise to deliver a consistently high standard of service to our customers and stakeholders.

We ensure that customer requirements are fully met by:

- Providing goods and services in accordance with an agreed scope of requirements.
- Employing a collaborative, detailed design process that results in compliant project documentation, including schematic diagrams.
- Implementing a sign-off process to guarantee client review and agreement on all project elements.

At Powercube Limited, we commit to continually improve upon our service, processes and pledge to update and review our Quality Policy, ensuring we meet the requirements of our organisation, as well as stakeholders, customers, suppliers, employees, and the general community.
